Research shows that developing children's foundational writing knowledge does not end in Key Stage 1. If pupils do not continue to deepen, secure and refine these skills throughout Key Stage 2, gaps will begin to emerge, affecting confidence, independence and stamina.

In this training, delegates will explore how to structure the curriculum for writers in Year 3, Year 4 and mixed Year 3/4 classes, ensuring that teaching approaches and assessment strategies support pupils to become secure, fluent writers by the end of Year 6.

In school training, other year group handbooks and termly monitoring visits are also available to purchase. Contact us for more information.
