Price - £145 per person includes a
copy of teacher handbook

www.keystoneassessment.org

Designed for pupils working below age-related expectations in writing at KS2, this practical intervention programme strengthens the essential foundations of successful writing: oral composition, sentence construction, spelling and handwriting.

The materials break learning into small, manageable steps, giving pupils the time, practice and repetition needed to secure key knowledge and skills. By revisiting and mastering the fundamentals, children can close gaps, build confidence and make stronger progress in writing.

In school training, other year group handbooks and termly monitoring visits are also available to purchase. Contact us for more information.
